Tobacco Control Policies

Panama became a Party to the WHO Framework Convention on Tobacco Control on February 27, 2005.

Smoke Free Places: Smoking is prohibited in all indoor public places, indoor workplaces, and public transport. In addition, smoking is prohibited in outdoor sports venues.

Tobacco Advertising, Promotion and Sponsorship: The law bans all forms of tobacco advertising, promotion and sponsorship.

Tobacco Packaging and Labeling: Tobacco product packaging must display one of five text and pictorial warnings on 50 percent of the principal display areas, and a 10-point font warning on the lateral side of the package. Misleading packaging and labeling, which could include terms such as “light” and “low tar” and other signs, is prohibited.

Tobacco Taxation and Prices: The World Health Organization recommends raising tobacco excise taxes so that they account for at least 70 percent of retail prices. Tobacco excise taxes in Panama are well below these recommendations.
