## Tobacco Control Policies

Senegal became a Party to the WHO Framework Convention on Tobacco Control on April 27, 2005.

**Smoke Free Places:** Smoking is prohibited on public transport and in any enclosed workplace or public place except for in hotels, inns, guest houses, restaurants and airports where designated smoking rooms are allowed. Smoking is also prohibited in religious sites, which may be indoors or outdoors.

**Tobacco Advertising, Promotion and Sponsorship:** All forms of tobacco advertising and promotion are banned. Tobacco sponsorship is prohibited.

**Tobacco Packaging and Labeling:** Tobacco product packages must display combined text and picture health warnings on at least 70 percent of each principal display area. Warnings are required to rotate. Misleading packaging and labeling, including terms such as "light" and "low tar" and other signs, is prohibited.

**Tobacco Taxation and Prices:** The World Health Organization recommends raising tobacco excise taxes so that they account for at least 70 percent of retail prices. Tobacco excise taxes in Senegal are well below these recommendations.
