

## **Federal Property Management Regulations, 41 C.F.R. § 102-74**

Relevant Excerpts from e-cfr (September 23, 2014)

### **SMOKING**

#### **§102-74.315 What is the smoking policy for interior space in Federal facilities?**

Pursuant to Executive Order 13058, "Protecting Federal Employees and the Public From Exposure to Tobacco Smoke in the Federal Workplace" (3 CFR, 1997 Comp., p. 216), it is the policy of the executive branch to establish a smoke-free environment for Federal employees and members of the public visiting or using Federal facilities. The smoking of tobacco products is prohibited in all interior space owned, rented or leased by the executive branch of the Federal Government.

[73 FR 77518, Dec. 19, 2008]

#### **§102-74.320 Are there any exceptions to the smoking policy for interior space in Federal facilities?**

Yes, the smoking policy does not apply in—

(a) Any residential accommodation for persons voluntarily or involuntarily residing, on a temporary or long-term basis, in a building owned, leased or rented by the Federal Government;

(b) Portions of Federally owned buildings leased, rented or otherwise provided in their entirety to non-Federal parties;

(c) Places of employment in the private sector or in other non-Federal Governmental units that serve as the permanent or intermittent duty station of one or more Federal employees; and

(d) Instances where an agency head establishes limited and narrow exceptions that are necessary to accomplish agency missions. Such exceptions must be in writing, approved by the agency head and, to the fullest extent possible, provide protection of nonsmokers from exposure to environmental tobacco smoke. Authority to establish such exceptions may not be delegated.

[73 FR 77518, Dec. 19, 2008]

#### **§102-74.325 Are designated smoking areas authorized in interior space?**

No, unless specifically established by an agency head as provided by §102-74.320(d). A previous exception for designated smoking areas is being eliminated. All designated interior smoking areas will be closed effective June 19, 2009. This six-month phase-in period is designed to establish a fixed but reasonable time for implementing this policy change. This phase-in period will provide agencies with time to comply with their obligations under the Federal Service Labor-Management Relations Act, as amended, 5 U.S.C. Ch. 71, Labor-Management Relations, in those circumstances where there is an exclusive union representative for the employees.

[73 FR 77518, Dec. 19, 2008]

**§102-74.330 What smoking restrictions apply to outside areas under Executive branch control?**

Effective June 19, 2009, smoking is prohibited in courtyards and within twenty-five (25) feet of doorways and air intake ducts on outdoor space under the jurisdiction, custody or control of GSA. This six-month phase-in period is designed to establish a fixed but reasonable time for implementing this policy change. This phase-in period will provide agencies with time to comply with their obligations under the Federal Service Labor-Management Relations Act, as amended, 5 U.S.C. Ch. 71, Labor-Management Relations, in those circumstances where there is an exclusive union representative for the employees.

[73 FR 77518, Dec. 19, 2008]

**§102-74.335 Who is responsible for furnishing and installing signs concerning smoking restrictions in the building, and in and around building entrance doorways and air intake ducts?**

Federal agency building managers are responsible for furnishing and installing suitable, uniform signs in the building, and in and around building entrance doorways and air intake ducts, reading "No Smoking," "No Smoking Except in Designated Areas," "No Smoking Within 25 Feet of Doorway," or "No Smoking Within 25 Feet of Air Duct," as applicable.

[73 FR 77518, Dec. 19, 2008]

**§102-74.340 Who is responsible for monitoring and controlling areas designated for smoking by an agency head and for identifying those areas with proper signage?**

Agency heads are responsible for monitoring and controlling areas designated by them under §102-74.320(d) for smoking and identifying these areas with proper signage. Suitable, uniform signs reading "Designated Smoking Area" must be furnished and installed by the occupant agency.

[73 FR 77518, Dec. 19, 2008]

**§102-74.345 Does the smoking policy in this part apply to the judicial branch?**

This smoking policy applies to the judicial branch when it occupies space in buildings controlled by the executive branch. Furthermore, the Federal Chief Judge in a local jurisdiction may be deemed to be comparable to an agency head and may establish exceptions for Federal jurors and others as provided in §102-74.320(d).

[73 FR 77518, Dec. 19, 2008]

**§102-74.350 Are agencies required to meet their obligations under the Federal Service Labor-Management Relations Act where there is an exclusive representative for the employees prior to implementing this smoking policy?**

Yes. Where there is an exclusive representative for the employees, Federal agencies must meet their obligations under the Federal Service Labor-Management Relations Act, 5 U.S.C. Ch. 71, Labor-Management Relations, prior to implementing this section. In all other cases, agencies may consult directly with employees.

[73 FR 77518, Dec. 19, 2008]

**§102-74.351 If a state or local government has a smoke-free ordinance that is more strict than the smoking policy for Federal facilities, does the state or local law or Federal policy control?**

The answer depends on whether the facility is Federally owned or privately owned. If the facility is Federally owned, then Federal preemption principles apply and the Federal policy controls. If the facility is privately owned, then Federal tenants are subject to the provisions of the state or local ordinance, even in the Federally leased space, if the state or local restrictions are more stringent than the Federal policy.
